Blueberries

America's Most Outstanding Plant

*Has Great Fruit and
Ornamental Value
Has No Harmful Enemies
Requires No Spraying*

Hybrid Blueberries bear fruit when two years old and continue to increase in volume for eight to ten years. Interesting to watch grow; delicious to eat from the bush.

Krieger's Wholesale Nursery
Bridgman, Michigan

of Varieties Listed

BLUEBERRY VARIETIES

We are offering three of the best varieties for both commercial and garden use. They are all vigorous and upright in growth, and the hardiest types available.

RANCOCAS. (Early.) One of the best early varieties, vigorous, bush upright and productive, medium large, light blue and of good quality. A very heavy producing variety; the size of the berries can be increased by pruning.

RUBEL. (Mid-season.) Ripens about ten days later than Rancocas, vigorous, upright bush and very productive. Berries are moderately large, light blue, attractive and of good quality. The berries are firm and are, therefore, excellent shippers. Rubel is the oldest named variety and has great commercial value.

JERSEY. (Late.) Ripens a few days later than the Rubel, although its fruit is extended over a longer ripening period. Bush semi-upright and very vigorous. Fruit very large and firm, making it an excellent garden and shipping variety. Clusters not as compact as Rancocas, making them a good variety to pick.

PRICES of Rancocas, Rubel, Jersey Varieties

	Each	10	100	1,000
2-yr., 9-12 in., bearing age	\$0.40	\$3.50	\$32.50	\$300.00
3-yr., 12-18 in., bearing age55	5.00	47.50	450.00
4-yr., 18-24 in., bearing age	0.75	7.00	67.50	650.00

Frost Resistant

Blueberries are not very easily injured by late spring frosts. Recorded temperatures as low as 22° have done very little damage to our plantings when in full blossom. We have never known Blueberries to be a complete crop failure due to spring frosts.

SMALL FRUIT PLANTS AND VEGETABLE ROOTS

We grow a complete line of Small Fruit Plants and Vegetable Roots. We are strictly Wholesale Growers—not merchandisers. This season we have over 100 acres of State Certified Nursery Stock. Our modern storage facilities enable us to ship your orders any time during the season.

Let us have your requirements; we will be pleased to make quotations for delivery whenever you desire.
